

free car hire

get around when you get away **AVIS**

£50 per week car hire offer for all villa reservations taken prior to Wednesday 31st March 2010.

Free car hire for 2011 bookings.

Villaparde have teamed up with some of Europe's leading car rental companies including Avis, Sixt, Hertz and Centauro, to offer the very best car hire service. For just £50 per week we can offer one inclusive 4-door car with air-conditioning which you collect from and return to the airport. If you intend to arrive prior to, or stay longer than the inclusive rental period, then you can extend the rental in advance - additional days are pro-rata for the car required. Whatever size of car you choose, our constant renewal policy assures the quality and safety of your vehicle. Where possible, on the booking form we always recommend a car suitable for your party size, you can however revert to the offer car, upgrade or add extra cars to suit your needs. For 2011 bookings made before 31st July 2010 the first car is free of charge.

Upgrading your car and additional cars

We have teamed up with our local suppliers to give you some great savings on additional cars and special rates for upgrades which can be found in the price grids below. For full model details visit our website www.villaparde.co.uk

Taxi transfers

If you would prefer not to drive from the airport to your villa then we can organise a stress free private taxi transfer. For Menorca departures we offer free taxi transfers to and from your accommodation as an alternative to car hire. See website for details.

Child car seats

Child seats can be requested with our car hire companies. Avis have a high quality policy on their child seats and for that reason they can cost from £6 per day – payable locally. For this reason Villaparde recommend that you take your own child seats.

Avis ensure a stress-free car rental experience by providing superior services that cater to customers individual needs
